# Build Your Competitive Advantage

## A LEADERSHIP PROGRAM FOR WOMEN IN STEM

*Studies show that top female executives rank highest in professional and leadership skills such as coaching, emotional intelligence and authenticity. This program provides research-based content that teaches you to maximize your leadership skills.*

### **DID YOU KNOW?**

Only 25% of senior executive roles in Canadian STEM organizations are occupied by women? This is a far cry from the 59% of Canadian STEM graduates who are women.

This program provides research-based content that focuses on the skills that are essential for career advancement: authenticity, coaching, emotional intelligence, mentorship and effective communication. Join us for 2 full day sessions followed by 7 one-on-one executive coaching sessions. These personalized sessions will enhance your professional and personal growth.

Create a personalized management plan with your coach and earn a coaching certificate from the International Coaching Federation. You will also receive the opportunity to network with other successful women and share strategies for success.

**YOUR PRICING - \$1500.00**  
(regular pricing - \$2500.00)

### FEEDBACK FROM PAST PARTICIPANTS

“I learned how to empower fellow employees and guide them to their solutions other than taking on the solutions myself.”

“This course taught me about the importance of being a better listener.”

“I’ve learned how to be assertive, have a non-judgmental attitude and control my impulses.”

## Why Choose This Program

- *You will master the understanding of your own emotional intelligence level by completing two emotional intelligence (EQ-i2.0 pre and post) assessments*
- *For 6 months, you will receive personal coaching and mentorship from successful women in executive roles who will work with you to ensure your continued growth*
- *Sessions are research-based and focus on issues that are most critical for career advancement*

## What You’ll Learn
